TEMPORAL STABILITY AND ACTIVITY OF LANDSLIDES IN EUROPE WITH RESPECT TO CLIMATIC CHANGE (TESLEC)

Preface vii

The temporal stability and activity of landslides in Europe with respect to climatic change (TESLEC): main objectives and results
R. Dikau and L. Schrott 1
Some geomorphological considerations for the future development of landslide models
D. Brunsden 13
A view on some hydrological triggering systems in landslides
Th.W.J. Van Asch, J. Buma and L.P.H. Van Beek 25
Classic and new dating methods for assessing the temporal occurrence of mass movements
A. Lang, J. Moya, J. Corominas, L. Schrott and R. Dikau 33
The use of landslide units in geomorphological mapping: an example in the Italian Dolomites
A. Pasuto and M. Soldati 53
Landslides and climatic conditions in the Barcelonnette and Vars basins (Southern French Alps, France)
J.-C. Flageollet, O. Maquaire, B. Martin and D. Weber 65
Reconstructing recent landslide activity in relation to rainfall in the Llobregat River basin, Eastern Pyrenees, Spain
J. Corominas and J. Moya 79
A methodological approach for the analysis of the temporal occurrence and triggering factors of landslides
A. González-Díez, J. Remondo, J.R. Díaz de Terán and A. Cendrero 95
Landslide development in a coastal valley in Northern Spain: conditioning factors and temporal occurrence
M. Jiménez Sánchez, P. Farias, A. Rodríguez and R.A. Menéndez Duarte 115
Press archives as temporal records of landslides in the North of Spain: relationships between rainfall and instability slope events
M.J. Domínguez Cuesta, M. Jiménez Sánchez and A. Rodríguez García 125
The role of conditioning and triggering factors in the occurrence of landslides: a case study in the area north of Lisbon (Portugal)
J.L. Zêzere, A. de Brum Ferreira and M.L. Rodrigues 133
Mass-movement, geologic structure and morphologic evolution of the Pizzotto–Greci slope (Calabria, Italy)
M. Sorriso-Valvo, G. Gullà, L. Antronico, C. Tansi and M. Amelio 147
Dendrogeomorphological analysis of a slope near Lago, Calabria (Italy)
R. Fantucci and M. Sorriso-Valvo 165
Modelling future landslide activity based on general circulation models
M. Dehn and J. Buma 175
Three-dimensional hydrogeological modelling application to the Alverà mudslide (Cortina d'Ampezzo, Italy)
T. Bonomi and A. Cavallin 189
Towards the definition of slope instability behaviour in the Alverà mudslide (Cortina d'Ampezzo, Italy)
M.-G. Angeli, A. Pasuto and S. Silvano 201

Vol. 30, No. 3

Research Papers
Measured and predicted sediment yield from a subtropical, heavy rainfall, steep-sided river basin: Hanalei, Kauai, Hawaiian Islands
R.S. Calhoun and C.H. Fletcher III 213
River channel changes of the Subansiri in Assam, India
U. Goswami, J.N. Sarma and A.D. Patgiri 227
Relict periglacial slope deposits in the Hex River Mountains, South Africa: observations and palaeoenvironmental implications
J.C. Boelhouwers 245
Nature and impact of the Neotectonic deformation in the western Sierra Nevada (Spain)
C. Sanz de Galdeano and A.C. López-Garrido 259
Effect of slope on the growth and migration of headcuts in rills
S.J. Bennett 273
Rapid formation of river terraces in non-welded ignimbrite along the Hishida River, Kyushu, Japan
S. Yokoyama 291

Book Review 305

Vol. 30, No. 4

Research Papers
A field comparison of three pressure-difference bedload samplers
S.E. Ryan and L.S. Porth 307
Orthogonal intersections of megatrends in the Western Pacific ocean basin: a case study of the Mid-Pacific mountains
N.C. Smoot 323
The Lake Lahontan highstand: age, surficial characteristics, soil development, and regional shoreline correlation
K.D. Adams and S.G. Wesnousky 357
